

Defining Global | Growth

Truport Ventures is an export-oriented trading enterprise based in Coa, India, focused on facilitating international trade in high-quality Indian manufactured goods. The company specializes in Jute bags, JuCo Bags and Cotton Canvas Bags positioning itself in global markets where sustainability, durability, and eco-friendly materials are increasingly valued.

About Us

Truport Ventures is a merchant export company based in Goa, India, focused on connecting quality Indian products with global markets. Built on reliability, transparency, and excellence, we simplify international trade by delivering consistent service and maintaining the highest standards across every operation.

We partner with reputed manufacturers across India to source products that meet international requirements, offering personalized support and streamlined export solutions to our global buyers. Driven by integrity and a forward-looking approach, Truport Ventures is committed to building long-term relationships and becoming a trusted name in global trade.

Our Vision

To be a globally recognized export partner known for trust, quality, and professionalism.

Our Mission

To connect Indian producers with global buyers through efficient, transparent, and ethical trade practices.

Our Products

Jute Bags

Our jute bags are manufactured using high-quality natural fibers and are designed for retail, grocery, and promotional use. We supply export-grade jute bags with consistent GSM, strong stitching, and customization options for global buyers.

Juco Bags

Juco bags offer a refined blend of jute and cotton, providing durability with a smoother finish. These bags are widely used for corporate gifting, promotions, and retail applications across international markets.

Cotton Bags

Cotton canvas bags are versatile, durable, and ideal for branding. We export canvas bags suitable for promotional campaigns, shopping, and events, with reliable quality and scalable production capacity.
